

Endow Smiles

Help Secure PDI's Future.

While the surgery center itself is set up to be self-sustainable, PDI's next goal is to establish an endowment to provide for ongoing operating funds on a sustainable basis. The endowment will be key to allowing PDI staff to broaden and deepen its important work:

- support uninsured families (allowing families to pay on a sliding scale, with PDI paying the remaining cost of treatment),
- provide transportation and medication assistance,
- provide prevention education and community outreach,
- coordinate and collaborate with referring providers to reach common oral health goals, and
- continually reduce barriers to dental education and care for low-income families.

Give the Gift that lasts! With an endowment, your donation is pooled with other donations to generate a fund large enough to yield income each year, without touching the original donation. The PDI Endowment Fund, known as "EndowSmiles," will be set up at Community Foundation of Sonoma County.

Please help us reach our immediate goal of raising \$4M by the end of 2009, and our long-term goal of raising \$7M by the end of 2010.

PDI Annual Operating Budget: \$280,000

Annual Payout at 4%

\$1 million	\$40,000
\$2 million	\$80,000
\$3 million	\$120,000
\$4 million	\$160,000
\$5 million	\$200,000
\$6 million	\$240,000
\$7 million	\$280,000

All gifts to PDI will help us better serve our patients, and fulfill PDI's mission, for years to come.

Together, we make kids smile.™
